

A large rectangular area defined by a solid black border. Inside this area, there is a smaller rectangle defined by a dashed pink border. At each of the four corners of this dashed pink rectangle, there is a small black circle. This layout is typically used for creating a nameplate or a data entry field where the name is entered within the dashed line and the circles indicate specific data points or registration marks.

A large rectangular area defined by a dashed red border, intended for name entry. The area is framed by a solid black border. Four circular punch holes are located at the corners of the dashed red area: top-left, top-right, bottom-left, and bottom-right.
